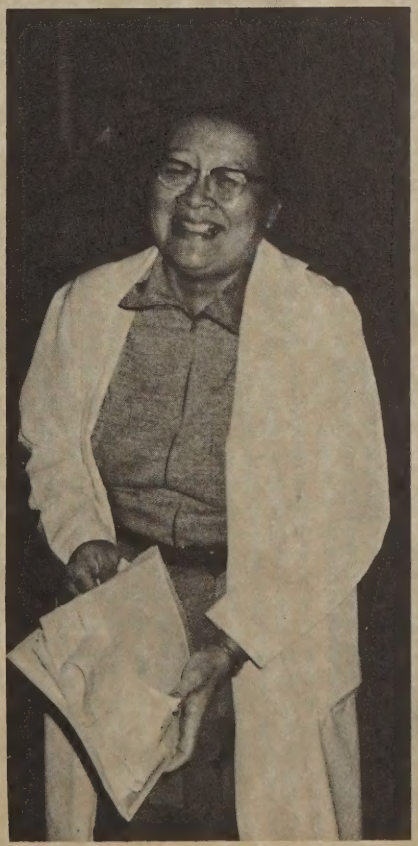
DEDICATION

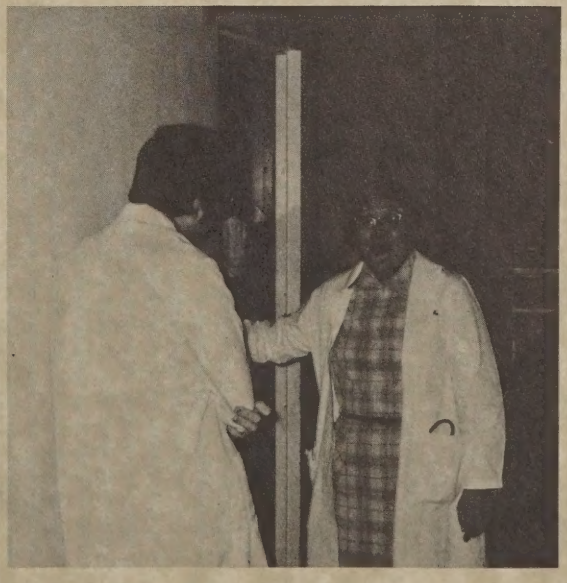
Dr. Florence Char

For the past 12 years, Dr. Char has been a member of the Pediatric staff of the UAMC. During this time she has been one of the finest examples of a good educator, is a delightful person and a good friend.

As an educator, she has, with patience, understanding and clear, deft explanations, guided myriads of students through the abysmal world of little people and the netherlands of Ped. Cardiology Clinic. And who has not heard her excited quick response to the cry of, "HELP, we have a FLK!" To you Dr. Char, thank you.

Dr. Char did her undergraduate work at the State University of New York; did her internship, residency and fellowship at the Un. Minnesota Hospitals and did a Medical Genetics fellowship at Johns Hopkins Hospital. She is a member of the Southern Ped. Research Society, Am. Soc. of Human Genetics, AOA, and is a fellow of the Am. Acad. of Pediatrics. To date, Dr. Char has published twenty-six papers including chapters in medical books.





STATE OF ARKANSAS
OFFICE OF THE GOVERNOR
LITTLE ROCK

DAVID PRYOR
GOVERNOR

With best wishes now and in the future to the 1975 graduates of the University of Arkansas Medical School. Warmest personal regards,

David H. Pryor
Governor

Dr. Charles E. Bishop, Pres. Un. of Arkansas, invested in ceremonies at Robinson Auditorium, February, 1975. Welcome to the Un. of Arkansas educational system.

ADMINISTRATION

Dr. James Dennis
Vice-President for Health Sciences

Dr. Dennis is a graduate of the Un. Oklahoma and is a Diplomate of the Am. board of Pediatrics. During his five years at UAMC, he has generated from the state legislature approximately $31,000,000 for UAMC renovation and construction, which includes the present Ed. II and various support programs such as AHEC. He also established the Faculty/Student/Staff Advisory Council for the purpose of improved campus communications and to develop a participatory form of campus government. Dr. Dennis has also developed long range plans for academic excellence designed to unfold over the next decade in a response to public needs.

Ed.

The new health sciences education building is due to be completed late in 1976. The 131,000 square feet within the facility will house the predominate amount of teaching space for all four campus schools. All teaching laboratories will be jointly used by the four schools.

Ed. II is a nine level building with the potential for adding four floors at some future point in time. The lowest level will house Biomedical Communications, with lecture, conference and seminar rooms.

II

The first level of the Library is at ground level, with the second and third levels containing stacks, study areas and library technical staff areas. The second level will be multi-media for the library and special rooms for Sch. Nursing. The Sch. Pharmacy will occupy the entire third floor. The Damp Lab will occupy floor four with 192 student stations, and a Pathology Museum, conference rooms and autopsy demonstration room. The Wet Lab occupies the entire fifth floor.

JUNIORS

JR's then AND now

Nostalgia is the "in" thing today. The nostalgia movement is evident in our music, our styles of dress and in the entertainment industries. People enjoy "looking back to the good old days." Therefore, in keeping with the times, we present here a glance into the past for the JMS's of 1974-75 — a look at the "good old days" when medical school began three years ago. See for yourself what time has — or has not — done for them.

RESIDENT OF THE YEAR

This year, it is our pleasure to honor Dr. Hank Rogers as the recipient of the Resident of the Year award. The award is given by a vote of the Jr. and Sr. Medical School classes in recognition of outstanding teaching abilities, fairness in dealing with subordinates, and knowledge in his field. Congratulations and thank you Dr. Rogers.

Runners up:

Dale Morris, M.D.
Tony Bennett, M.D.
Hugh Burnett, M.D.

S.O.B.

In contrast to the above award, the S.O.B. award is given once again by a vote of the Jr. and Sr. Medical School classes to that member of the housestaff who demonstrates few, if any of the qualities of the Resident of the Year. (The reader can supply what qualities do or do not apply).

Congratulations Dr. Nick Lang

Runners up:

Dr. Cliff Councille
Dr. Dennis Black

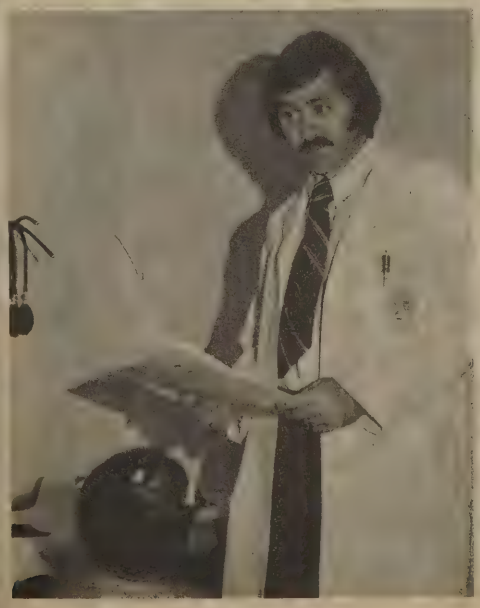
(self explanatory)

Gomer Pyle of the Nursery

Hmmm, AT&T down again.

"His WHAT hurts?"

Who goosed me?

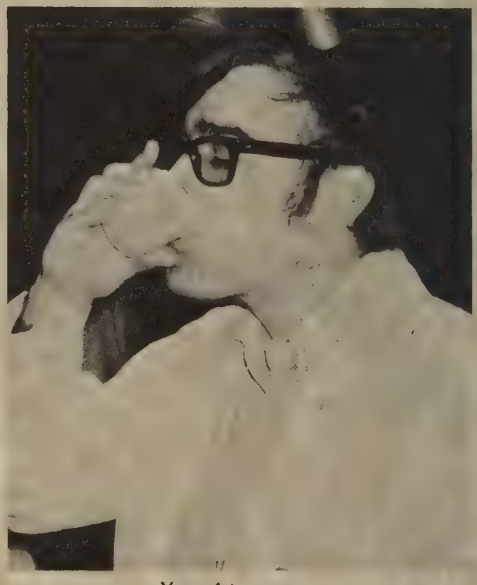


Great mamogram, for a 2 yr. old!

Who took out the centerfold?

Let the Jr. studs do it.

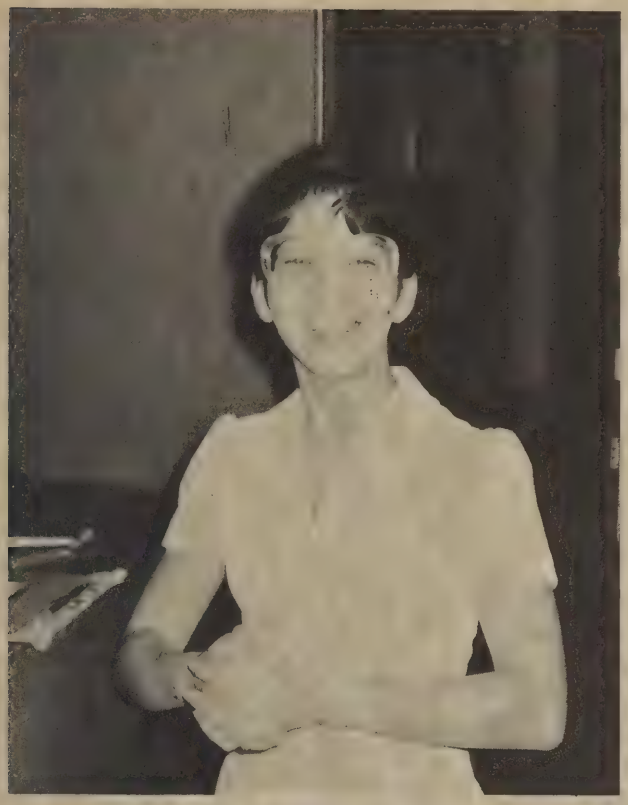
Look sweetie, it's really very simple . . .



Yup, 4+ sugar.

You should have seen the mother!

No, the red cell is not a prison for communists!



Ah so, you like new nurses?

I'm waiting for Sesame street

I don't believe it, *Coffee* in the CSF!

Er ah, this is Houston Control . . .

Eat the *whole* thing?

Dr. Doolittle of UAMC

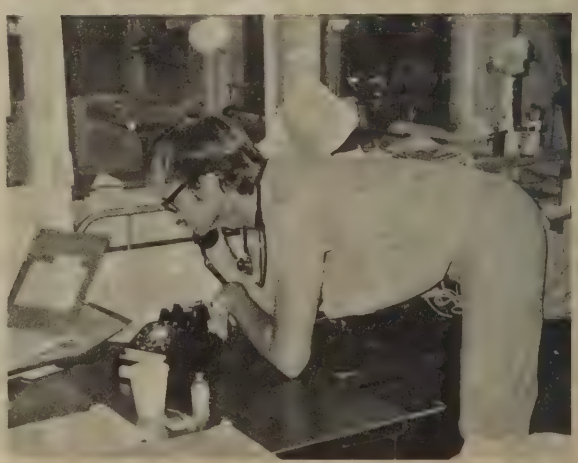
Who's running in the 5th race?

Yup, Daisilee is right, all Jrs. stink!

I don't hear anything wrong with him.

Which twin has the Toni?

No iridocyclitis!



Nursery, ward clerk speaking!

Heh, heh, heh, . . .

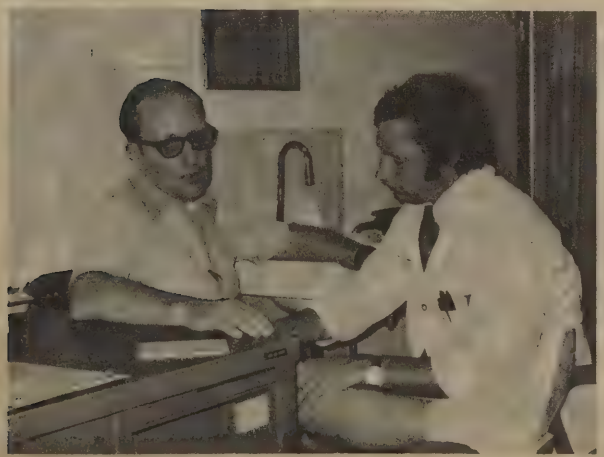
Look Mom, I'm a Doc!

Who says surgeons can't write!

Ooh, don't stop!

"In the Feb 23, 1948 NEJM . . . ."

"That is the biggest gouty tophus I ever saw!"



Which one of you let that in?

Your nickname really is LEGS!

I refuse to help hold up that wall!

Tickle, tickle, tickle

Gee, I left my purse home

We practice . . .

and struggle . . .

and improve techniques;

we endure being each others' guinea pigs . . .

and sometimes even stay after class . . .

to earn some recognition;

we try to laugh at our mistakes . . .

and through it all, we stick together.

THE ARKANSAS CADUCEUS CLUB NEEDS AND WANTS YOU

This non-dues-collecting group of Medical School graduates, present and former house-officers, faculty, non-graduate Arkansas physicians, and other friends of the School exists to support the School of Medicine. But that's not all we do. We have fun, too . . . and we want you back to enjoy class reunions and to participate in Cadaceus Club projects: philanthropic and/or fun.

In June we meet . . .

. . . and eat!

. . . and have our own kind of continuing education.

. . . and pay special tribute.

Mrs. Louis K. Hundley

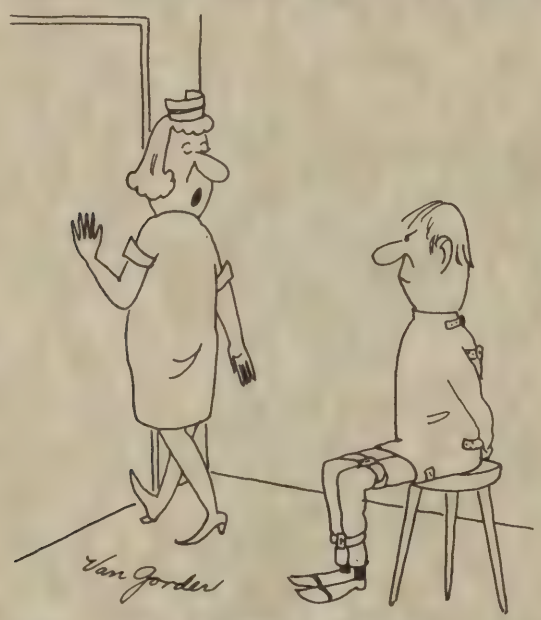
"How would you like no more long hours, no emergency calls in the middle of the night and all the time off you want?"



"Ring if you need anything."

"Now let's have none of this nonsense, Mr. Peters!"

A Tribute to the Versatility of the *Medico* Editor!

Gunnels-Fields United in Marriage

Janice J. Gunnels and Branch T. Fields were joined in matrimony at St. Streptococcus Cathedral here in Little Rock.

The bride wore a white floor length lab coat, trimmed in Burdick EKG paper. A hat accented with tertiary respiratory bronchioles adorned her head. A bouquet of main stem bronchi accented by budding gomoblasts completed her ensemble.

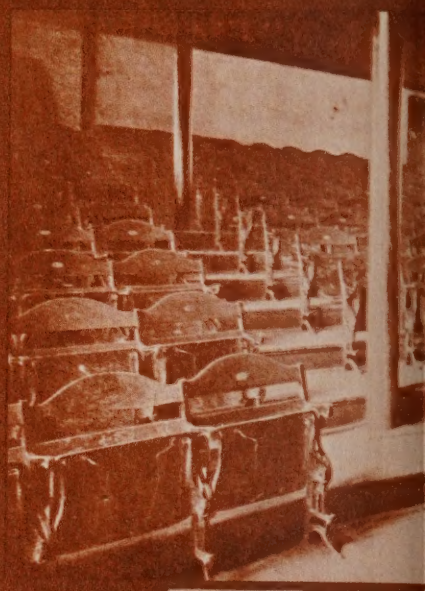
The bride was hastily given away by Joe Bates M.D. (Mad Dog). M. E. McNabb was the best man.

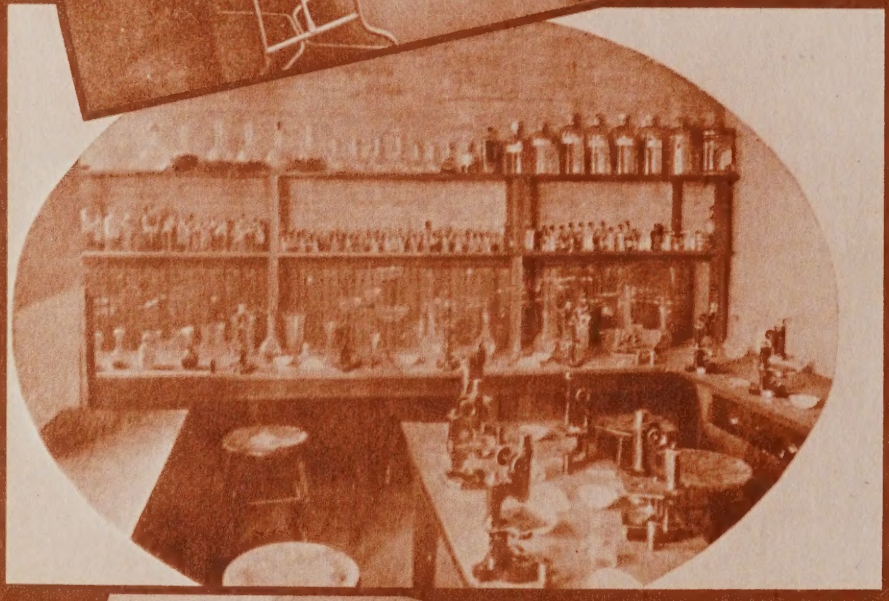
The reception following the ceremony was held in the MICU of the Veteran's Hospital. The occasion featured inspired readings of excerpts from Harrison's Textbook of Medicine by the Medicine House staff. A pause for mental contemplation of therapeutics regimines was led by King Arthur Haut, followed by a stimulating dissertation by Fast Freddy Faas on: "The Synthesis of 2, 3 Diphosphelio - glycerol estersase and commuted fractions in the Albanian rat mitochondrion."

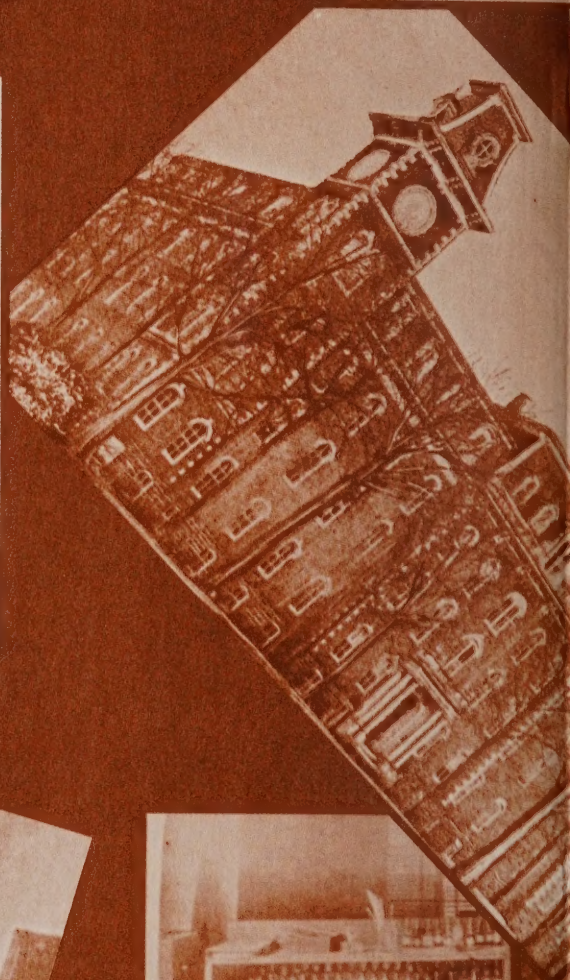
The Surgery Department further continued the evening's entertainment by doing a surprise radical gastoesophagocholedoc hoenteropancreatectomy and a one stage pharyngorecto-plasty on a nearby unsuspecting guest. The operation featured a virtuoso scapel solo by W. F. Caldwell, accompanied by Kent (Jethro Bodine) Westbrook on hemostat, G. Doyne Williams on Deaver retractor and Dola Thompson providing nitrous and Ethrane in the background.

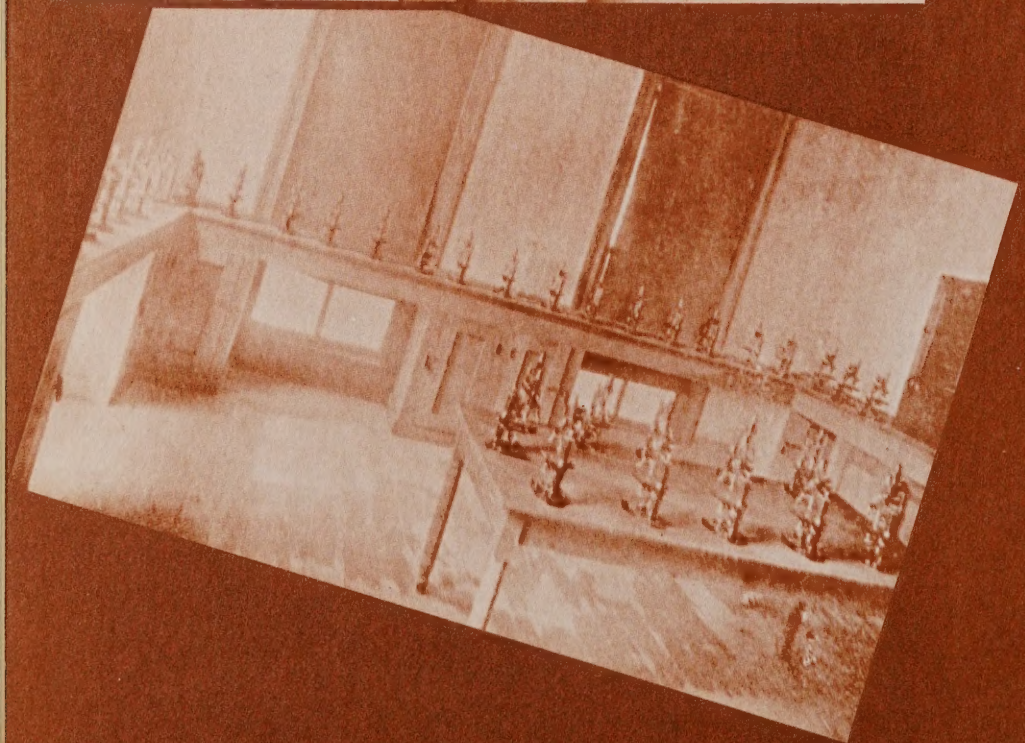
The OB-Gyn Department entertained the bride and groom with C-hysterectomy performed under vocal anaesthesia. Closure of the incision featured Dave (Black Bart) Barclay and Dennis (Mr. Compassion) Black suturing with No. 2 shoestring.

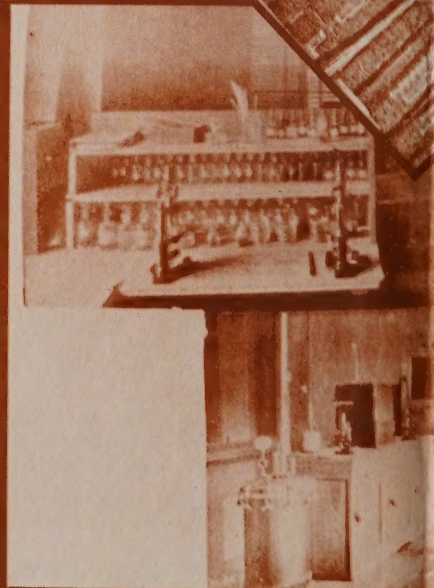
At the height of the evening's events, a huge wedding cake, in the shape of a Diplococcus was wheeled in and Bob Abernathy leaped out, clothed only in pages of the most recent Annals of Internal Medicine.

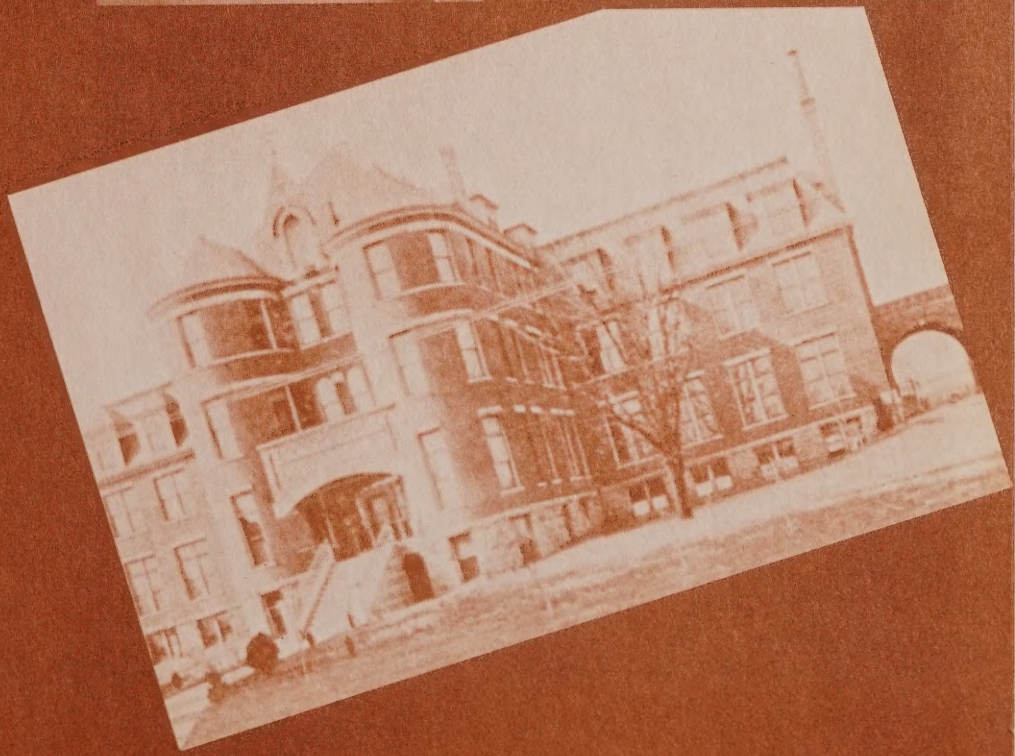
Background music was provided by a combined orchestra of Medical Center staff. John Redman played the 5 string Foley with Alice Beard on the neonatal incubator, John Pauly and John Bowker doubling on bones and John Whitney on Jack Daniels.












The bride and groom will honeymoon at the Booneville T.B. Sanatorium for a week. They will return to Little Rock where both are employed at the Hero Hilton.
